

BUILDRITE EQUIPMENT & CONSTRUCTION LIMITED COMPANY PROFILE

WE UNDERSTAND YOUR NEEDS

01

INTRODUCTION

BUILDRITE ECL is one of the leading earthmoving and underground utility contactors in Kenya.

BUILDRITE ECL offers a wide range of products and services. We are well known for our good quality equipment. One of the keys to this success is the ability to provide our customers a complete site development package including mass grading, underground utilities and paving this is what we strive to offer.

By staying ahead of technology and continually educating our employees, we provide the safest and most cost effective site solution to any project. We understand that to be number one in the industries we serve require continuous improvement to achieve benchmark reliability and sustainability.

In addition to leasing equipment, we strive to remain customer oriented and provide solutions by having the right product range with high life cycle and value that can be customized to our clients needs and delivered in the stipulated programme.

BUILDRITE ECL works as a sole company in most projects, however, at times BUILDRITE ECL enters into a Joint Venture Partnership with other contractors as needed depending on the Project Scope.

02

OUR VISION
